

# I will send you a powerful money-making CD and a Special report entitled "How to Make \$100,000 in 100 Days"

**Just pay \$5 for my cost, which will entitle you to make copies of this CD and market them yourself to other people.**

Dear Entrepreneur

In the most recent "Richest People in America" survey published by Forbes Magazine, the richest man in America is NOT in the real estate business. He is NOT an oil tycoon, and he DOES NOT own an airline or an automobile company.

The richest man in America is Bill Gates, with an estimated net worth of around \$7 Billion. His Business: COMPUTER SOFTWARE. Bill Gates founded Microsoft, the largest computer software company on planet earth

This is clear proof that the "computer revolution" is finally here, bringing exceptional opportunities that's creating millionaires out of ordinary people like you and me every single day.

A few days ago, I received in the mail this computer disk which contains 1000 business & financial reports which I was given authorization to sell to people for around \$2 to \$3 per report.

That's quite attractive considering that the CD contains 1000 reports. However, I didn't get too excited with the idea.

But, when the company who developed the CD said that I could actually sell exact copies of the CD and even pass on the "duplication rights" to (you) my customers, I knew I hit the jackpot.

You see, the computer software CDs may cost the manufacturer \$3 to \$4 to produce. But computer software CDs sell for as much as \$200 or higher. The profit margin in this business is astronomical; no wonder it is becoming one of the fastest growing business opportunities in the market today.

So, this is what I will do for you when you order my complete "computer disk business package..." Upon my receipt of \$5, I will send you the following:

- A CD, which contains over 1000 business & financial reports.
- A powerful Sales Letter and ADS, which you can use to get people to order copies of this CD from you.
- A step-by-step plan on how and where to make copies of this, and how to get people to order copies of this CD - direct from you - and pay anywhere from \$15 to \$20 each. (You can put your own price)
- A copy of the special report "How To Make \$100,000 in 100 Days" which shows how you can do the same using this CD.

\$5 is such a small investment for the know-how, experience and financial rewards you will gain through this package.
